ND- Not Detected

Recommendation Codes:

NR- No recommendation requested

- A. These nematodes at this level not likely to cause crop or plant losses
- B. These nematodes at this level are likely to cause economic crop or plant losses
- C. Use cultural (non-nematicide) controls recommended for your area
- D. Use of an approved nematicide can be of value
- E. Continue to monitor the nematode population
- F. Nematode thresholds are unavailable for this crop/plant at this time

A handwritten signature in black ink that reads "Paucic McGroary". The signature is written in a cursive, flowing style.
